

Ba Zhai – A Complete System (Part 1)

Many know about the Ba Zhai (8 Mansions) school of Feng Shui as a simple system that is based on a person date of birth to generate 4 good directions and 4 bad directions. However, Ba Zhai is much more than that. Although many know the simple application only from the 8 direction of the Ba Gua, proper Ba Zhai actually uses the 24 mountains. It is a complete system that holds all the essentials of a feng shui - location, direction and timing.

What can we learn in this course?

Part 2

Countering the Bad Mansions
Timing of Ba Zhai
Application with Examples

Ba Gua Direction Ba Zhai

The Class will start off with a determination of the Ming Gua and the 8 directions of each Ming Gua. This is the form of Ba Zhai that most are familiar with and the starting point for the whole system.

Important application factors will be discussed:

Aspects of the property shape
Building shape

Internal factors in order of importance:

Door
Rooms
Kitchen
Beds
Etc.

24 Mountains Ba Zhai

Here we see how the 24 Mountains Ba Zhai developed from the 8 Guas. We look at each of the 24 Mountains and establish which of the 8 mansions each of the 24 mountains will belong to.

Application

All aspects will be followed with examples of real cases. Students are encouraged to bring their own house plans for discussion.

This will be an application heavy course so more examples the better.
