

Ba Zhai – A Complete System (Part 2)

Many know about the Ba Zhai (8 Mansions) school of Feng Shui as a simple system that is based on a person date of birth to generate 4 good directions and 4 bad directions. However, Ba Zhai is much more than that. Although many know the simple application only from the 8 direction of the Ba Gua, proper Ba Zhai actually uses the 24 mountains. It is a complete system that holds all the essentials of a feng shui - location, direction and timing.

What can we learn in this course?

Part 1

Basic 8 Ba Gua direction Ba Zhai
24 mountains Ba Zhai
Application with Examples

Part 2

Countering the Bad Mansions
Timing of Ba Zhai
Application with Examples

Countering the Bad Mansions

In a situation where direction of something cannot be changed, how do we negate the bad effects of a bad mansion?

Ba Zhai has an inbuilt system of countering or negating the effects of bad Mansions.

Timing of Ba Zhai

As a complete system of Feng Shui, Ba Zhai has its own timing cycles. Understanding this timing is important to get the best effect of the Ba Zhai system, from predicting effects to selecting timing to perform certain actions.

Application

All aspects will be followed with examples of real cases. Students are encouraged to bring their own house plans for discussion.

This will be an application heavy course so more examples the better.
