Riding The Mystic Western Dragon Fengshui Tour 2022

Full Day Tour by Way Fengshui Group

As follow up of Master Goh Guan Leong's IFSC 2022 presentation on how the Metaverse will shape our future, you as delegate now have the opportunity to let Grand Master Tan Khoo Yong and Master Goh Guan Leong lead the way, guiding you to ride on the Mystical Western Dragon through a fengshui tour. You will explore Singapore's Western Dragon by first going on a hike to Mount Faber to uncover strategic gems. Thereafter, we will take a stroll close to the Dragon's Teeth Gate at Labrador Park, and learn how Energy (Qi) plays an important aspect in Fengshui. Lastly, visit Marina One where Grand Master Tan Khoo Yong will reveal the 'secrets' behind his genius creation. In this tour, participants will examine the traditional fengshui theory 'The Five Geographies' (Dragon 龙, Acupoint 穴, Sand 砂, Water 水, and Direction 向), and whether it can be replaced by technological advancements. Have your comfortable shoes on as we go on the trail together to reveal the mystic Western Dragon.

This tour will be led by GM Tan Khoo Yong and Master Goh Guan Leong.
Lunch will be provided.

Drop-Off Point:
Marina Bay Sands Singapore
York Hotel Singapore

NOTE:

- Time scheduled above are subject to weather conditions.
- Participants may bring along their Luopan/Compass.
- Participants are encouraged to purchase travel insurance before the tour.
- As COVID-19 pandemic is still on-going, Way Fengshui Group encourages all participants to practise socially responsibility, so to protect themselves, their loved ones and the community.
