

MONIKA GAWRYLAK

MERAANŹJA, POLAND

Monika Gawrylak is a theologian and missiologist by education, as well as a real estate agent and property manager. Since 2020, she has also been a Master of Feng Shui Practice and a specialist in Chinese metaphysics. In addition to her professional pursuits, she has been running her own foundation, focused on culture and personal development since 2012.

Monika has been managing her own company, MERAANŹJA, in Poland since 2000. In 2024, she established a Feng Shui school in Warsaw, where she serves as the sole lecturer.

While her career in real estate brought financial success, Master Monika eventually realised that wealth alone did not bring fulfilment. It was then that Feng Shui entered her life, offering her a way not only to help people find homes but also to create living spaces that promote health and harmony. Her deep exploration of Chinese metaphysics—including Feng Shui, Chinese astrology, Ba Zi, I-Ching, and XKDG—became her passion and ultimately her new profession.

She attributes her transformative journey to meeting a true master, Senior Master Jacek Kryg, at the School Without Borders. What began as a hobby evolved into a lifelong calling. In 2025, Monika published her first book, featuring a forecast for the Year of the Wooden Snake. Today, she considers herself fortunate to do what she loves, making work feel effortless.
